

*The* **IRRADIATES**

The title 'The IRRADIATES' is presented in a dynamic, comic-book style. The word 'The' is in a smaller, italicized, sans-serif font, while 'IRRADIATES' is in a much larger, bold, blocky font. Both are filled with a gradient from dark red at the top to bright orange at the bottom, and feature a thick white outline and a dark drop shadow. The text is set against a jagged, starburst-like background that transitions from white to light yellow to orange. A horizontal white beam of light passes through the center of the text.
